

## **YOUR TURN WORKSHEET: Mapping Your Current Sustainability Model**

In each pie section of the circle below, rate your organization's level of effectiveness by drawing a line in each of the four quadrants – the circle center is 0% and the outside ring is 100%. Connect the lines and see how well shaped your inner circle is. If your circle is not round, clearly there are further opportunities for you to strengthen your efforts at sustainability.

## **YOUR TURN WORKSHEET: Sustainability Blocks and Solutions**

---

For each of the four components of sustainability, consider what keeps you from taking action. What can you do moving forward to improve your effectiveness in each of these areas?

<b>What keeps us from doing this?</b>	<b>What plans do we need to put in place to make this happen?</b>

In the boxes below, make notes in response to the following questions.

1. How do each of these four components contribute to the sustainability of your HPOG activities? What potential role can each play?
2. How are you doing in each area? How have your efforts to date contributed to the overall sustainability of your HPOG project?
3. What are some new ways to think about your efforts in each area to strengthen its impact on sustainability? What might you do differently?
4. Where is the best potential return on your investment of time and focus?
