Mission

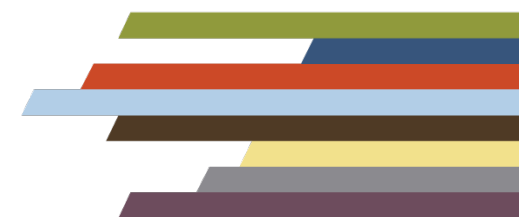

- The Mountain Plains – Prevention Technology Transfer Center (PTTC) is a partnership between the Department of Educational Psychology in the College of Education and the School of Dentistry at the University of Utah. **Our mission is to strengthen the workforce pipeline for pre-professionals and professionals in the substance use prevention and health care fields by delivering evidence-based training and technical assistance** in the six-states comprising Region 8 (CO, MT, ND, SD, UT, WY).

Mountain Plains (HHS Region 8)

PTTC

Prevention Technology Transfer Center Network
Funded by Substance Abuse and Mental Health Services Administration

Project Goals/Overview

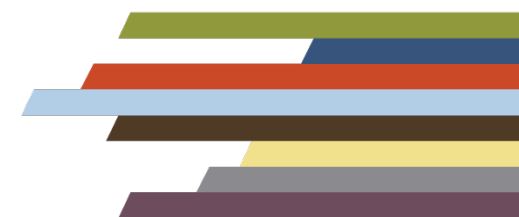

- Promote **communication and collaborative relationships** with Region 8 key stakeholders
- Provide **T&TA using innovative technology to pre-professionals and professionals** in the substance abuse prevention and health care fields. Following are some of our prevention areas of expertise:
 - Using **epidemiologic data** to determine regional patterns of substance use
 - **Targeting specific drugs for screening, risk education, and prevention**
- **Serve as an on-line resource for Region 8 stakeholders** (community-based and faith-based organizations, Tribal and urban Indian communities, prevention coalitions, strategic prevention networks, epidemiology groups, racial/ethnic or gender and sexual minority individuals, and others interested in substance abuse prevention.)
- Actively communicate, participate, and collaborate in the PTTC Network Activities to **develop, share, and expand resources within the region** and across the network.
